WHY MEDITOLOGY SERVICES?

Meditology Services is a healthcare-focused security and privacy consulting firm. We understand the importance of relationships and derive much of our business from a long list of satisfied clients who value the quality of our deliverables, combined with the professionalism, approach, and innovative solutions we bring to our engagements.

We have extensive experience in healthcare security and privacy, allowing us to develop solutions that are appropriate for each client's size, complexity, and needs. Our exclusive focus on the healthcare industry uniquely positions us to truly understand the complexities you face every day.
